

Overview

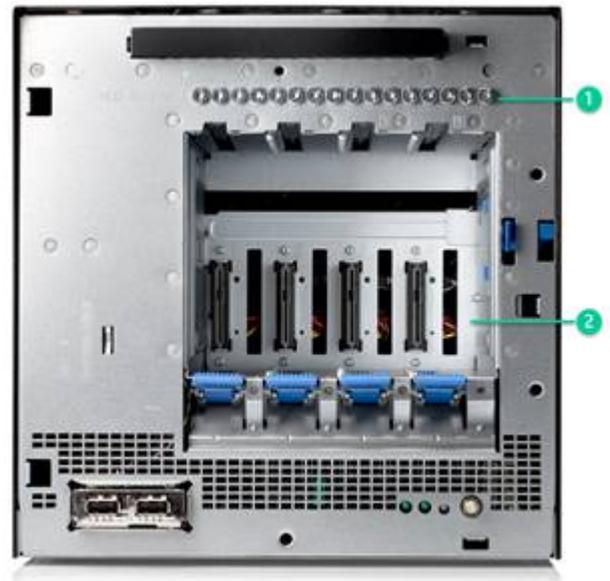

HPE ProLiant MicroServer Gen10

HPE ProLiant MicroServer Gen10 is a compact and uniquely designed server that is ideal for small and home offices looking to build their first IT server environment with a form factor that is easy to use. HPE MicroServer Gen10 helps businesses to provide better and easy access to data, more efficiency in operations, while driving down their operating expenses.

Front View (External):

1. (2) USB 3.0 ports
2. Media bay (Optional (1) DVD-RW or (1) SATA SSD)
3. Front bezel lock/unlock indicators
4. Power on/Standby button and system power LED
5. Health LED
6. NIC status LED
7. Drive activity LED

Front View (Internal):

1. Hard drive screws
2. Hard drive bays

Overview

Rear View:

1. (2) USB 2.0 ports
2. (2) USB 3.0 ports
3. NIC 1 port
4. NIC 2 port
5. Power jack
6. PCIe Gen3 slots
7. VGA port
8. (2) Display Ports 1.2

Internal View:

1. DIMM slots
2. TPM connector
3. LFF/SFF SATA connector
4. SATA connector
5. System board power connector
6. System battery
7. Internal USB 2.0 port
8. Expansion slot 2, PCIe3 x4 (1)
9. Expansion slot 1, PCIe3 x8 (8, 4, 1)

What's New

- AMD-based system with AMD Opteron™ X3000 series APUs
- AMD Opteron X3216 for Entry BTO SKU
- Higher maximum memory of 32GB DDR4 UDIMM
- Support for one read-intensive SATA NHP SFF SSD
- System default with 2x Display Ports 1.2
- ClearOS preload on all BTO & Special SKUs with more or equal to one SATA HDD installed

Standard Features

Processor AMD Opteron™ X3216 Processor (1.6-3.0GHz/2 compute cores/4 graphic cores/1MB/12-15W)
 AMD Opteron™ X3418 Processor (1.8-3.2GHz/4 compute cores/6 graphic cores/2MB/12-35W)
NOTE: Not existing in current SKU offerings. Please contact your HPE sales representatives for any business related demand and requirement.
 AMD Opteron™ X3421 Processor (2.1-3.4GHz/4 compute cores/8 graphic cores/2MB/12-35W)

Cache Memory 2MB (1 x 2MB) L2 Cache
NOTE: For X3421 and X3418 processors.
 1MB (1 x 1MB) L2 Cache
NOTE: For X3216 processor.

Memory Protection ECC

Memory

Type	HPE Standard Memory DDR4 Unbuffered (UDIMM)
DIMM Slots Available	2
Standard	8GB (1 x 8GB) PC4-2400T DDR4 UDIMM
Maximum	32GB (2 x 16GB) PC4-2400T DDR4 UDIMM

NOTE: HPE memory from previous generation servers are not fully compatible with the HPE ProLiant MicroServer Gen10.

Network Controller Embedded Broadcom BCM5720 Dual Port Gbe LOM

Expansion Slots	Expansion Slot #	Technology	Bus Width**	Connector Width	Form Factor	Notes
	1	PCIe 3.0	X8	X8	Low Profile	Open-end connector to support up to x16 PCIe card
	2	PCIe 3.0	X1	X4	Low Profile	Open-end connector to support up to x16 PCIe card

Storage Controller Embedded Marvell 88SE9230 PCIe to SATA 6Gb/s Controller
NOTE: Supports RAID 0/1/10 only. No FBWC support.

Internal Storage Devices

Optical Drive	Optional: SATA DVD-RW drive Optional: SATA SSD
Hard Drives	None ship standard

Standard Features

Maximum Internal Storage Non-hot plug SATA 16TB (4 x 4TB) 3.5" SATA

Interfaces

Video	1 Rear VGA port 2 Rear Display ports 1.2
USB 2.0 Ports	3 total (2 rear, 1 internal)
USB 3.0 Ports	4 total (2 rear, 2 front)
Network RJ-45 (Ethernet)	2

Industry Standard Compliance

- ACPI V5.0 Compliant
- PCIe 3.0 Compliant
- PXE Support
- WOL Support
- EMC Class B
- USB 2.0
- USB 3.0
- SATA 6Gb/s

Server Power Cords The MicroServer models ship standard with a 6' country specific NEMA power cord. If customers require an alternative local power cord, they can check the power cord matrix for the appropriate country specific sku. Please see the following power cord matrix: <http://www.hpe.com/go/powercordmatrix>.

Power Specifications To review typical system power ratings use the HPE Power Advisor which is available via the online tool located at URL: <http://www.hpe.com/go/proliant-energy-efficient> or <http://www.hpe.com/go/hppoweradvisor>.
NOTE: See Technical Specifications section at end of QuickSpecs for Power Specifications.

Power Supply One (1) 200 Watts non-hot plug, non-redundant Power Supply

System Fans One (1) non-redundant system fan shipped standard

Operating Systems and Virtualization Software Support for ProLiant Servers **Microsoft Windows Server 2012 R2 and 2016 ClearOS**

NOTE: ClearOS, an easy to use OS with an application marketplace, allows you to build a fully functional server that is just right for you at no upfront cost. It is available via download.

NOTE: HPE ProLiant servers with ClearOS give you a simple, secure, and affordable operating system with an intuitive web based graphical user interface that provides a cloud-like experience on- premise, and an Application Marketplace with over 100 apps and growing. Whether you're starting out or scaling, you decide what applications you need and pay as you grow. To learn more on what you can do, please visit <http://www.hpe.com/servers/clearos>.

NOTE: For more information on The Hewlett Packard Enterprise Certified and

Service and Support

Service and Support HPE Pointnext for Industry Standard Servers

HPE Pointnext delivers confidence, reduces risk and helps customers realize agility and stability. Our support technology lets you tap into the knowledge of millions of devices and thousands of experts to stay informed and in control, anywhere, any time.

Protect your business beyond warranty with HPE Packaged Support Services

HPE Packaged Support Services enable you to order the right service level, length of coverage and response time as you purchase your new server, giving you full entitlement for the term you select.

Optimized Care

Supports maintaining servers at optimum performance availability

Foundation Care 24x7, three-year Packaged Support Service

HPE Foundation Care 24x7 connects you to HPE 24 hours a day, seven days a week for assistance on resolving issues. Hardware onsite response within four hours if needed. Simplify your support experience and make HPE your first call for hardware or software questions.

<https://www.hpe.com/h20195/V2/GetDocument.aspx?docname=4AA4-8876ENW&cc=us&lc=en>

Standard Care

Supports maintaining high level of server availability

Foundation Care NBD, three-year Packaged Support Service

HPE Foundation Care Next Business Day connects you to HPE during business hours for assistance on resolving issues - features next business day hardware onsite response if needed and software call back within two hours. Simplify your support experience and make HPE your first call for hardware or software questions.

<https://www.hpe.com/h20195/V2/GetDocument.aspx?docname=4AA4-8876ENW&cc=us&lc=en>

Related Services

HPE ProLiant Server Hardware Installation

Provides for the basic hardware installation of Hewlett Packard Enterprise branded servers, storage devices and networking options to assist you in bringing your new hardware into operation in a timely and professional manner.

<https://www.hpe.com/h20195/V2/GetPDF.aspx/5981-9356EN.pdf>

Parts and Materials

Hewlett Packard Enterprise will provide HPE-supported replacement parts and materials necessary to maintain the covered hardware product in operating condition, including parts and materials for available and recommended engineering improvements.

Parts and components that have reached their maximum supported lifetime and/or the maximum usage limitations as set forth in the manufacturer's operating manual, product QuickSpecs, or the technical product data sheet will not be provided, repaired, or replaced as part of these services.

The defective media retention service feature option applies only to Disk or eligible SSD/Flash Drives replaced by HPE due to malfunction.

Service and Support

NOTE: Product conformance to cited product specifications is based on sample (type) testing, evaluation, or assessment. This product or family of products is eligible to bear the appropriate compliance logos and statements.

Environment-friendly Products and Approach

End-of-life Management and Recycling

Hewlett Packard Enterprise offers **end-of-life product return, trade-in, and recycling programs**, in many geographic areas, for our products. Products returned to Hewlett Packard Enterprise will be recycled, recovered or disposed of in a responsible manner.

The EU WEEE directive (2002/95/EC) requires manufacturers to provide treatment information for each product type for use by treatment facilities. This information (product disassembly instructions) is posted on the Hewlett Packard Enterprise web site. These instructions may be used by recyclers and other WEEE treatment facilities as well as Hewlett Packard Enterprise OEM customers who integrate and re-sell Hewlett Packard Enterprise equipment.
